CHANGE OF GRADE/MAKE-UP OF INCOMPLETE/SATISFACTORY PROGRESS FORM
California State University, Long Beach

Change of Grade. This form is to be completed by the instructor and submitted to the Records Office via the Department Office and when required, through the dean of the school. In general, no change in grade assigned to a student is permitted after the original grade has been recorded by the Records Office. If an actual error in computing or copying the original grade has been made, or if a grade is to be changed by the instructor due to an appeal to the Grade Appeals Committee, then a correction should be made on this form.

Make-Up of Incomplete. Incompletes must be made up within the next two semesters (i.e., one calendar year from the end of the semester in which the incomplete is assigned), whether the student is enrolled or not. After the one-year period, incompletes are computed as "F's". Any change after that date is consider a grade change and must have the required signatures.

The "SP" symbol is used in connection with courses that extend beyond one academic term. It indicates that work is in progress and has been evaluated and found to be satisfactory to date, but that assignment of a precise grade must await completion of additional work. Cumulative enrollment in units attempted may not exceed the total number applicable to the student's educational objective. Work is to be completed within one year except for the graduate degree theses. Any extension of this time period must receive prior authorization by the dean of the school.
